Maybury of Detroit Commandery, No. 1, Detroit, Mich., and Sir Thomas A. McCammon, grand herald of the Grand Priory of Ireland. The certificates are the pen-work of J. W. Notices to this effect will be mailed the Sir Knights and a large attendance is desired, that the subject may be generally discussed and the opinions of the majority ascer-

On Tuesday last Robert De Bruce Council of Kadosh held its regular meeting for the transaction of business, and conferred the nineteenth, twentieth and twenty-first degrees, and, at spe-cials, conferred the twenty-second, twenty-third, twenty-fourth, twentyfifth, twenty-sixth, twenty-seventh, twenty-eighth and twenty-ninth degrees, winding up the week's work with the thirtieth degree on Thursday evening. None of the other bodies did any work, as the Council required the Sanctuary the whole week.

On Tuesday next Mithras Lodge of Perfection will confer the fourth and fifth degrees, and on Friday will work the sixth, seventh and eighth degrees. On Monday the Consistory will work the thirty-first degree, and on Thursday the thirty second degree.

THE MYSTIC SHRINE. Whenever the legend, "Shrine-Work," appears upon the calendar of the cathedral, which hangs in the offices of Scottish Rite Sanctuary, it signifies that Almas Temple, Nobles of the Mystic Shrine, will hold a meeting upon the evening designated and the degree will be conferred. It is extremely amusing to watch the countenances of the initiated when this notice meets their eyes, and to witness the manifest pleasure with which the announcement is received. The air of activity which always surrounds the building seems to be instantly increased, and the tigers' claws and scimitars which decorate the breast of every noble seem imbaed with a musical jingle of pleasant anticipation. Above, in the lofty cathedral, a transformation has been wrought, and the lodge-room of the present day has assumed a wierd and mysterious appearance, as if the ghost of some ancient Egyptian potentate had re-turned, surmounted with all the Ori-

ental splendor of his realm, to note the changes which countless centuries of time have wrought, and compare the progress of the present age with the civilization of the ancient and myste-

Flickering through the stained glass windows, the dim light, in rich-toned hues falls athwart the countenance of the gloomy Sphinx, whose, sad, sweet smile of welancholy fades away on closer inspection in sterner lines of un-revealed mysterious knowledge, tem-pered with an expression of deep re-gret. Rich Oriental hangings hide the familiar architecture of the room and even the mellow tones of the grand old organ, stealing sweetly from the concealment of the choir loft, falls upon concealment of the choir loft, fails upon the ear with wild and plaintive sadness, so peculiar to the music of the East. To this beautiful oasis repaired the faithful last Friday evening to witness the exemplification of the beautiful ritual of the order, and by the time the first caravan was ready to begin its journey across the burning sands of the desert the scene was thronged with en-thusiastic "Shriners," who shouted adieus at the departure of the cavalcade and exchanged the salutations, "God is and exchanged the salutations, "God is powerful," "God is great."

REDLY THE firelight shines through the

rooms
Chasing away all the shadow and gloom;
Light-hearted children are pratting in giee;
Father is as happy as happy can be.
For the wife and mother who suffered so long.
Is getting her health back, and soon will be strong:

Is getting her health back, and soon will be strong;
And who is so happy as she is to-night.
As she thinks of the shallow that's taken its flight—
the shadow of disease that darkens so many homes, and makes the life of wife and mother one of terrible suffering. How pleased we are to know that at last a remedy has been found for all those delicate derangements and weaknesses peculiar to women. It comes to cheerless homes with "glad tidings of great joy." Dr. Pierce's Favorite Prescription has done for women what no other remedy has done, or can do, and it is not to be wondered at that women who have been cured by it are so enthusiastic in its praise. It is the only medicine for women sold, by druggists, under a positive guarantee from the manufacturers of satisfaction, or money returned.

Dr. Beall's Case Postponed. For the fourth time the hearing of the

motion for a new trial for Dr. W. W. Beall, who was found guilty of robbing a grave last month and sentenced to serve six months in jail, was postponed yesterday. It was set for trial yesterday afternoon at 2 o'clock, but on secount of the absence of Colonel W. A. Cook, counsel for the defendant, the case was not called. It will probably be heard to-morrow.

One Way to Settle the Unpleasantness in the H. of R.

In the H. of R.

There is no occasion for all this filibustering in the House of Representatives for several days past if the proper course was pursued. Why not formulate immediately same feasible rules by which the House can be governed without friction? In the absence of these much-needed rules it may be in order to pacify the warring factions that they go direct to Mr. James Tharp's at 818 F street northwest, and by the time that all will have indulged in two rounds of that pure old Rye Berkeley Whisky all differences will be speedily reconciled and Congressional business will be resumed at the old stand.

Bights of Liquor Dealers.

Rights of Liquor Dealers. In the case of Louis Zerega, charged in the Police Court yesterday with keeping an unlicensed bar, Judge Miller said that when a man made his deposit for a liquor license, he had a right to sell liquor until the application has been acted upon during its consideration, but is subject to all the laws concerning bars.

The Death Record at the Health Office

The record of the Health Office for January 21 shows 61 deaths reported. Of these 17 were from PNEUMONIA, 5 from BRON-CHITIS. 4 from CONGESTION of the LUNGS, from CONSUMPTION. In two cases th GRIP was given as the cause of death and in one "LA GRIPPE PNEUMONIA" was reorded. The figures of the day before showed that over 50 per cent. of the deaths were caused by lung diseases,

This is a very large showing of mortality from lung diseases, especially from the dangerous grip.

For the prevention of lung troubles of all kinds DOUGLASS EMULSION is recom-

It is now universally conceded by even the most fanatical tectotalers that a glass of thoroughly matured and pure wine is the most wholesome, health and strength-giving beverage for mankind. Almost every State—no matter how sold its climate—produces grapes from which wine is pressed, but THE PASADENA WINES are made from those inscious SOUTHERN CALIFORNIA grapes which attain the highest grade of maturity and ripeness and are therefore the best wines in the market.
